Subject: 2 x 250 MW Imported Coal Based TPP Extension Unit 3&4 at Sikka,  
Jamnagar by GSECL – Environmental Clearance – Regarding.

Ref.No.: 1). MoEF EC no. J-13011/2/2003.IA-II (T) dated 24/05/2005.  
2). CE/STPS/2X250 MWH/EC/668, dated 07/05/2015.

Respected Sir,

With reference to above subject matter, the compliance report to the Environment clearance conditions in the prescribed format from Gujarat State Electricity Corporation Limited, Sikka Thermal Power Station is as under.

Sr. No.	Point	Compliance As on 31 <sup>st</sup> April'2020
01.	The conditions stipulated by Gujarat Pollution Control Board vide their letter No: PC/NOC/JMN-16(4)/30535 dated 7 <sup>th</sup> October 2002 shall be strictly implemented.	The Project proposal considers all aspects covered by NOC of G.P.C.B. as follows: 1. Necessary agreement for Narmada water & Sasoi dam water had been carried out to overcome water requirement of Plant and Colony. 2. Stack, Ambient Norms and Effluent Norms had been met & shall be ensured. 3. All applicable EP Act and Water cess Act Norms had been met & shall be ensured.
02.	Regularization of land area of the existing plant shall be obtained under the Forest [Conservation] Act 1980 and Wildlife [Projection] Act, 1972 and its amendments before starting work on	This land has been regularized vide MoEF order no. 8-116/2006-FC dtd.28/06/2010.

Sr. No.	Point	Compliance As on 31 <sup>st</sup> April'2020
	this project.	
03.	The Project Authority shall surrender 6 ha of land, presently under the possession of Gujarat Electricity Board to the State Government.	Land allotted vide 0.0. No. JMR/4/200/93/ dated 10/02/1993. But STPS has requested collector to cancel this land, as this land has been falling in CRZ area (vide letter No. 1584 dated 04/02/2005).  Possession of this land was not taken due to falling in CRZ area.
04.	Expansion of the project shall not be carried out in CRZ area except for setting up of raw water intake pump house.	No Unauthorized construction activities are falling under the CRZ area.
05.	The coal to be used shall not have more than 14-16% Ash content and 0.8% Sulphur content.	The coal being used having an Ash content lower than 14-16 % and sulphur content lower than 0.8% and shall be ensured.
06.	Copy of confirmed coal linkage with fuel analysis report shall be submitted to the Ministry within a period of six months from the date of clearance.	Procurement order for long term supply of imported coal is issued vide letter no. GSECL / Fuel / LT / Imp Coal / Sikka / CIF / Adani / 884, dated 28/10/2014 & same had been submitted.
07.	Two stacks of 220 m each shall be provided with continuous online monitoring system. Exit velocity of 20 m/sec shall be maintained from these stacks.	MOEF has issued amendment for single multi-flue stack of 220m height as per the application vide GPCB letter no. PC/JMN-16/24813 dated 04/08/2003.  The stacks have been constructed with continuous online monitoring system.
08.	Electrostatic Precipitators [ESPs] having efficiency of not less than 99.9% be installed so as to ensure that SPM emissions do not exceed 100 mg/Nm <sup>3</sup> .	The ESP's have been installed for both units having efficiency not less than 99.9%.
09.	Fly Ash shall not be dumped into the existing Ash pond and Ash generated shall be collected in silos for further utilization. Ash generated shall be used in a phased manner as per the provisions of the notification on Fly Ash Utilization issued by the Ministry in September 1999 and its amendments. By the end of 9 <sup>th</sup> year of commissioning	There are 2 dry Ash & 2 wet (pest) Ash silo constructed.  Ash generated is used in such a manner that, Fly Ash notification is being complied.  Ash utilization for the last year 2019-20 is 326.38 % for the GSECL, Sikka

Sr. No.	Point	Compliance As on 31 <sup>st</sup> April'2020
	of the plant, 100% fly Ash utilization shall be ensured.	TPS.
10.	Surface water requirement shall not exceed 5260 m <sup>3</sup> /day. A dedicated RO system shall be installed. Wastewater shall not be discharged into the eco-sensitive area and Marine Park/Sanctuary area, which are in the vicinity of the project.	Surface water requirement has been not exceeding 5260 m <sup>3</sup> /day.  A R.O. system is already installed.  Waste water from the plant is not discharge into the eco-sensitive area & Marine Park / sanctuary area.
11.	Rainwater harvesting shall be adopted. Central Groundwater Authority Board shall be consulted for finalization of appropriate water harvesting technology within a period of three months from the date of clearance.	Rain water Harvesting System had been adopted in colony.
12.	Regular monitoring of water quality including heavy metals shall be undertaken around Ash dyke and the project area to ascertain that there is no leaching of contaminants from the Ash disposal area.	Regular water quality including heavy metals is being monitored once in a month or two month and shall be ensured.
13.	Noise level in the work zone shall not exceed 75 dB (A). Requisite Personal Protection Equipment including earplugs shall be provided to the persons working in the high noise area.	Noise level in the work zone has been not exceeding 75 dB (A) and PPEs are being provided to employees working in the high noise area.
14.	Greenbelt of 10-15 m along the plant boundary shall be developed covering an area of 14 ha.	Greenbelt of 14 ha area developed.
15.	Regular monitoring of the air quality shall be carried out in and around the power plant and records shall be maintained. Six monthly monitoring reports shall be submitted to this Ministry.	Air quality monitoring around the plant has carried out and same was reported to GPCB & CPCB every month.  Monthly report data from Oct'2019 to March'2020 is attached herewith.
16.	For controlling fugitive dust, regular sprinkling of water in vulnerable areas of the plant shall be ensured.	Being Implemented.
17.	The project proponent shall advertise at least in two local newspapers widely circulated in the region around the project one of which should be in the	It is already published.

Sr. No.	Point	Compliance As on 31 <sup>st</sup> April'2020
	vernacular language of the locality concerned informing that the project has been accorded environmental clearance and copies of clearance letter is available with the State Pollution Control Board/Committee and at Website of the Ministry of Environment and Forests at <a href="http://envior.nic.in">http://envior.nic.in</a> .	
18.	A separate environment-monitoring cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.	Separate Environment Cell is already formed at STPS with SE(Operation), EE(Effi.), Chief Chemist, EE(Civil) and DE(Environment) as its members to look after implementation of the stipulated environmental safeguard.  This team is directly working under the control of power station Chief. Moreover, Corporate Office Environment Cell also provides necessary guidance.
19.	Half yearly reports on the status of implementation of the stipulated conditions and environmental safeguards shall be submitted to this Ministry/Regional office/CPCB/SPCB.	Six monthly reports from Oct'2019 to March'2020 are submitted herewith.
20.	Regional Office of the Ministry of Environment & Forests located at Bhopal will monitor the implementation of the stipulated conditions. Complete set of documents including Environmental Impact Assessment Report and Environment Management Plan etc. shall be forwarded to the Regional Office for their use during monitoring.	Already submitted.
21.	Funds shall be allocated separately for each action point for implementation of environmental protection measures by the project authorities. This cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for any other purposes and year-wise expenditure shall be reported to the Ministry.	Agreed. Project is under execution.

Sr. No.	Point	Compliance As on 31 <sup>st</sup> April'2020
22.	Full cooperation shall be extended to the Scientists / Officers from the Ministry / Regional Office of the Ministry at Bhopal / CPCB / SPCB during monitoring of the project.	: Will be provided.

This is for information and further needful please.

Thanking you,

Yours faithfully,  
For, Gujarat State Electricity Corporation Ltd.,

S/d.16/4/2020  
Chief Engineer (GEN)  
GSECL, Sikka TPS
